

## **Westhaven Condominium Association** **Project**

**Repaving Parking Area** – We are in the process of obtaining bids for repaving the parking area. We aren't sure if we will completely repave the parking area or put some sort of a sealer down. The final decision on what will be done will be made once we get all the bids.

**Gravel** – We would like to have some gravel spread in front of the mail boxes as that area becomes a mud-hole when it rains.

**Painting** – This is an ongoing project. We know that we need some painting and hope to get some done this year.

**Sidewalk** – It has been suggested that we take up the stepping stones in front of units 310, 312 and 314 and put in a single sidewalk possibly between units 312 and 314 out to the parking area. We are looking into this.

**Tree Protection** – A suggestion was made that we put some chicken wire around our trees in order to protect them from animals. We are looking into this.
